RULES

- Performance Contribution:** After a downline reaches L8, no additional points are earned from the L8 leg, but the 9 levels of bonuses will continue to be awarded for that leg.
- Rank Maintenance:** Affiliates must maintain the required number of direct referrals for each level. If a member exits or doesn't renew, causing the affiliate to drop below the required number of referrals, the affiliate has 30 days to replace the lost referrals and withdraw the bonus. During this 30-day period, the bonus for the original rank cannot be withdrawn. If the referrals are not replaced within 30 days, the affiliate will be moved to the corresponding lower rank.
- Renewal Rate:** The 90-day renewal rate refers to the percentage of vehicles in an affiliate's team that stay on the plan for at least 90 days from the effective date. If the 90-day renewal rate falls below 85%, rewards will be calculated but frozen. Frozen rewards will be released once the 90-day renewal rate exceeds 85%.
- Future Changes:** When the platform reaches 100,000 Mutuality Plans, the direct referral requirement for upgrading to L1 will revert to 8 vehicles. Each subsequent level increase will require one additional direct referral.
