Transaction Fee: The per-occurrence transaction fees are charged by the payment processor and the issuing bank of your payment method. These fees are passed on to the members who choose the enhanced sharing amount not to the GDM platform, which are not included in the calculation of the pledge baseline.

\$101.60 / 20 weeks = \$42.36 per week: This assumes the Pledge Amount is fully used over the six-month term, calculated as an average weekly deposit.

# Important Information Before Enrollment

## Opting Out and Refunds

① Before the mutuality plan becomes active	Mutuality services are unavailable and no contribution is required	A full refund of the service fee upon cancellation.
② Once the plan is active	Voluntarily opt out during this period or removed from the plan due to failed contribution payment.	Service fees and sharing amount are non-refundable, because you've already gained access to mutual services and contributions have supported other members.

## Failed Sharing Payments

Sharing payments are processed every Monday (if there are eligible events). An email reminder will be sent each time a payment is due, so please check your payment records for any issues. If the payment fails, the platform will immediately notify you by email and grant a 14-day grace period. If the payment is not successfully completed within this period, it will be considered as you exiting the plan, and your plan will be canceled.

**Important:** If your vehicle is involved in an accident during the 14-day grace period, you must first repay any outstanding sharing amounts you're responsible for contributing to other members and restore your payment method to active status before you can submit a new sharing request for your accident.

## Understanding the Repair Process: Auto Insurance & GDM

If you maintain existing Collision and Comprehensive auto insurance, please note that GDM's mutuality plan provides secondary support for vehicle damage repair.

Should an accident occur while you have both active, your traditional auto insurance provider will serve as primary for your incident. You will initiate the reporting process with them. GDM's mutuality support for eligible damages will then be secondary for any damage that is not be covered by insurance but is eligible for sharing.

## Commercial Vehicles Are Not Eligible for Enrollment

GDM prohibits the enrollment of any commercial-use vehicles. This includes, but is not limited to: Taxis (including rideshare services like Uber, Lyft), delivery vehicles of any kind, construction vehicles. Members must submit accurate and truthful information about their personal vehicles. If any false or incomplete information is provided during enrollment and an incident occurs, the platform reserves the right to deny mutuality service requests and immediately terminate the membership. Any resulting consequences will be the sole responsibility of the member.

## Financed or Leased Vehicles

- ① If you have full coverage: GDM is not insurance and does not replace the comprehensive and collision insurance coverage required by the member's loan or lease agreement. The member must maintain this coverage through their insurance carrier. In case of an accident, the member must file a claim with their insurance company first. GDM is secondary, and only the portion not paid by insurance may be eligible for sharing, such as a deductible. The member must pay the out-of-pocket and remaining pledge balance before sharing can occur.
- ② If you do not have comprehensive and collision insurance coverage and are enrolled in GDM, a sharing request can be filed in the event of an accident. If the vehicle is declared a total loss, the member can request sharing. However, the estimated salvage value will be deducted from the actual cash value. The member will be responsible for paying off their loan. If the member prefers to have GDM dispose of the salvage vehicle, then the member must pay off their loan and submit the signed title to GDM before the estimated salvage value can be disbursed.
